

## **On-site Veterinarian for the 2016 Cynosport World Games!**

Thank you to Dr. Josh Sosnow, DVM and his excellent staff at North Scottsdale Animal Hospital. He and his staff will be on-site throughout the competition to support our agility partners with anything that might come up.

Their offices are less than ten minutes from WestWorld and they offer a variety of services, [treatments](#), and rehabilitation options. (Cold-Laser Therapy, tPEMF, radiographs, ultrasounds, etc.)

We greatly appreciate their time, attendance and support!

Please stop by and say hello and thank Dr. Sosnow and his staff for being part of Cynosport this year. You'll find their booth in the Health and Wellness section of the vendor area.
