Two dog team:
1st dog circle #s
2nd dog square #s

Three dog team:
1st and 3rd (same height) dogs circle #s
2nd (odd height) dog square #s

In an effort to minimize risk of Covid transmission, exchanges will be completed via a traffic cone vs the baton.

Handlers for first dog (two dog teams) and the first and second dog (three dog teams) will touch the cone with any part of their body once their dog clears their last obstacle. The cone can be moved within the exchange area. The last handler does NOT need to touch the cone. Handlers can pick up their dogs and/or use leash once dog clears last obstacle in the exchange area, even before touching the cone. If handler touches cone before the dog clears their last obstacle, a 20 point fault will be assessed . Two dog team will use one cone, three dog team will use 2 cones.

Handlers may hold their dogs, use leashes, but NO bowling the dog & NO scruffing dogs.

If handler who is required to touch the cone has an E, they can run to the cone and touch immediately after the E and the next handler can start. If next handler leaves before the cone is touched, a 20 point fault will be assessed .

2nd and/or 3rd handlers can lead out while prior dog is running, as long as they don't interfere with dog running. Teammates can restrain each others dogs for lead outs.
